

BREED TO THE BEST OF A GENERATION  
❧ TO CREATE THE BEST OF THE NEXT ❧

In the history of Morgan Grand Nationals only three stallions have ever produced a different winner of the World Grand Champion Park Saddle and World Grand Champion Park Harness championships. World Champion Stonecroft Masquerade accomplished this with his Multi World Champions sons Stonecroft Trilogy and Stonecroft Byzantine. The only other two stallions to accomplish this were the great Noble Flaire and the legendary Noble Command. Masquerade is represented year after year with World Champions in the park and pleasure divisions with an average of only 7 foals per year. His statistics are almost as impressive as he is as an individual. His extreme athletic ability and exotic dimensions combined with a genetic powerhouse pedigree make him a great choice for any type of mare. He is the only foal of Wham Bam Command's daughter, Carillon Command, a full sister to the great World Champion Park Horse and producer, Schiaparelli. His sire, the grand World Champion Cedar Creek Harlequin, was a son of the leading sire I Will Command, Wham Bam Command's full brother.

*In times like these why not breed to a stallion that has proven his greatness time and time again? His record both in the show ring as a World Champion and in the breeding shed as a sire with few equals adds up to spending your dollars in a way that makes sense.*
